

9 REASONS

to Start your Career at Cleveland Clinic Lerner College Of Medicine

PEOPLE

You will work with Cleveland Clinic physicians, researchers and educators at the **top of their fields** who will view you as a colleague.

RESEARCH INTENSIVE

The five-year program requires a yearlong thesis research project customized to match your research, clinical interest and professional goals.

UNIQUE

- Limit of 32 students per class
- Problem-based curriculum
- Portfolio-based assessment
- Dual degree options
- Research-intensive program
- Strong medical humanities integration
- Full tuition scholarship for all students
- No grades or class ranking
- Mentorship: Physician advisor and a research advisor for each student

CULTURE Communication, teamwork and **collegiality** are baked into our culture.

UNRIVALED

Cleveland Clinic has among the highest acuity patient populations in America. You will have the opportunity to see a **broader range of medical conditions** than anywhere else.

RESOURCES

Cleveland Clinic offers leading-edge educational, clinical and research resources.

- We have one of the largest graduate medical education programs in the country, training 2,200 clinical residents and fellows in nearly 250 programs annually.
- Cleveland Clinic is consistently ranked among the top hospitals in the country.
- Our Lerner Research Institute ranks among the top independent research institutes in the country for NIH funding.

UNITED

We are united in a commitment to belonging and engagement in education. We believe that **words matter, but action is what really counts**. We have many action groups, composed of students and faculty, working to effect positive change.

EXPERIENCE

You will gain broad and deep experience through **hands-on learning and direct patient care** starting in your first year and one full year of research so that you will be well prepared for the next stage of your career.

LOCATION

You will have the opportunity to live and work in Northeast Ohio, with outstanding schools, remarkably affordable housing, one of the Great Lakes at your doorstep, exciting professional sports teams and an abundance of magnificent parks, nature, cultural resources and restaurants. **An easy place to live!**

IF YOU...

are a self-starter, motivated learner and collaborative team member who can work within a variety of groups, we want you. If you embrace self-reflection and personal growth, we want you. If you thrive on discovering new approaches to a problem, even when the path to an answer is unclear, **we want you**.

We're serious about wanting you to start your medical career with us. We hope you'll add Cleveland Clinic Lerner College of Medicine to your **short list!**
